## Product Facts (continued)

**Cautions:** Safe use in pregnant animals or animal intended for breeding has not been proven. If animal's condition worsens or does not improve, stop product administration and consult with your veterinarian. Not for use with anticoagulants, salicylates or NSAIDs. Use with caution in animals at risk for GI ulceration; turmeric may be a GI irritant. Use with caution in horses that are breeders and with long-term use due to tannin content. An examination from a veterinarian is recommended prior to using this product.

**Warnings:** For animal use only. Keep out of the reach of children and animals. In case of accidental overdose, contact a health professional immediately. This product should not be given to animals intended for human consumption.

## Product Facts

### Active Ingredients per Scoop - (1 oz.):

|                                                                                                    |          |
|----------------------------------------------------------------------------------------------------|----------|
| Yucca Schidigera Extract.....                                                                      | 3,000 mg |
| Devil's Claw Extract.....                                                                          | 2,500 mg |
| (standardized at 2.5% Harpagosides)                                                                |          |
| Proprietary Herbal Blend of                                                                        |          |
| (Cats Claw Herb Powder, Turmeric Herb Powder, White Willow Herb Powder, Feverfew Herb Powder)..... |          |
| Ascorbic Acid (Vit C).....                                                                         | 1,475 mg |
| Grape Seed Extract.....                                                                            | 1,000 mg |
| Boswellia.....                                                                                     | 500 mg   |
| Pantothenic Acid (Vit B5).....                                                                     | 500 mg   |
